Our cruise continues, all the way to Pučišća, the biggest village on the island of Brač. Nowhere in the system of towns and villages in Dalmatia does terrain play such a compelling role as in Pučišća. Its spectacular irregularity of steep-sided natural harbor, authentic Mediterranean architecture and rustic ambience are simply unforgettable.

Stone from Pučišća quarry was used to build limestone columns of the White House in Washington DC, Vienna Parliament and many other famous buildings around the world.

Pučišća is also home to the only Croatian Stonemasonry school. We'll spend a night in this very quiet town. Enjoy the nightfall, as it unifies the distinct features of Pučišća that have intrigued us so much in daylight.

However, high waves may occasionally prevent entry, which cannot be determined in advance of the scheduled visit. For this reason, entrance fees are payable on the spot.

After lunch we shall continue cruising to Vis. Arrival to Vis is scheduled for the afternoon. Compared to other Adriatic islands, Vis is rather unique. Being an important strategic military stronghold for centuries, Vis was spared the excessive tourist development and thus retained its unspoiled beaches, ecological agriculture and traditional architecture. Enjoy afternoon, exploring the town of Vis, its picturesque stone streets, pristine beaches and fine taverns.
